

## **Installation Notice – Wall Mount Basketball Systems**

Basketball Hoops Online does not provide installation service directly. Instead we are provided with a list from the manufacturer of competent professional installation companies throughout the U.S. and if requested by the customer will obtain an installation quote for the merchandise contained herein. Basketball Hoops Online does not up-charge, adds profit margins to, or accepts any monies or commissions from installers, and provides this service free of charge to the purchasing customer. To obtain an installation quote complete this form and fax all pertinent architectural drawings depicting facility layout and any obstructions found therein. Only installation inquiries providing all pertinent data will be acted upon.

Will you require an installation service quote?

If you will be using your own installation service, or you are working with an architect or engineer already please provide us with their contact information so that we may collaborate with them. Please include phone number, fax, and or e-mail information if you know it.

Basketball Hoops Online also offers gymnasium wall dividers, safety wall mats, and "tip n roll" Bleachers, and Scoreboards. If you would also like a quote on any of these products please mention that here.

Please enter any additional information that might better help us to serve you. If your facility has a physical obstruction(s) that must be taken into consideration please explain here. Also please fax any drawings with dimensions of the facility and or obstruction (s) to Basketball Hoops Online.

Will you be making the final decision on the purchase of this product?

Will anybody be assisting you in reviewing various brands? If so, what is the name and title of that person?

If the quote returned to you is accepted when will you anticipate taking delivery of the merchandise?

Do you require a specific form to be used when evaluating bids? If so please fax a copy of the form to us.

### **Different types of Wall Mount Basketball Systems**
